

Back To School

Post Covid Environments

Throughout the past few months, many students would have traveled through an eventful journey. During this journey, some students would have been confronted with helplessness, unknowns, excitement, and maybe even fear! To ensure each and every student will feel **safe and secure**, we must prepare for a change in school environments.

At Accent, we want to help you prepare for the new journey that lies ahead. Whether you are a principal, an admin assistant, a teacher, a custodian, a parent, or a student, there will be changes in the way we feel, act, and learn. We can see that there is a **light at the end of the tunnel**, and even though there will be differences in our everyday lives, **we can start preparing for this now!**

Hand-Washing Station

Washing your hands plays a crucial part in the prevention of spreading germs. Having multiple stations located around the school would make washing your hands often, become a routine. Also available with a touchless faucet, soap and sanitizer dispensers.

This mobile handwash and sanitation workstation also comes with holders for soap, hand sanitizer, gloves, paper towel and garbage bags.

Portable Sinks

If a hand-washing station is not needed, a portable sink may be the solution. Available in many different ranges and configurations.

Disinfectant

Efficiently disinfect your school with the Ramsol disinfectant canister. Available in different sizes with many gadgets to make it quick and easy

- Extremely high coverage per canister
- Requires no external power

1-22

2

Non-Contact Forehead Thermometer

The thermometer can be pointed at the forehead from 5-8 cm away, to test a person's temperature.

Premium 4-Ply Disposable Face Mask

Reusable Civilian Face Mask

Face Masks

Face masks are part of our future! Stay protected or protect others with a reusable or disposable face mask!

Gloves

Reduce person-to-person contact, or contact with surfaces by wearing gloves.

Face Shields

These face shields allow communication between students and teachers while still being able to clearly see each other.

Hand Sanitizer

Available by the gallon(s) or in smaller quantities such as 60ml and 100ml.

Portable Partitions/Room Dividers

The use of portable partitions could create separate classrooms in one space. Create zones for students using partitions to encourage social distancing!

Pedal Activated Sanitizer Station

This dispenser is designed to prevent any contamination and remove the worry. A simple press on the foot pedal will dispense the sanitizer directly onto your hand.

- No contact with hands
- 100% mechanical-no batteries
- Universal bottle fit
- Rust proof powder coated aluminum steel base

For orders of 1000 or more, these can be customizable! Add your school logo, slogan, or anything else you want!

Ask us about lower heights for early years education facilities!

Place these at every doorway, entrance, and locations where people tend to gather if sinks, water, and soap are not easily accessible!

Sign Kit

Place signs around your school as a reminder to serve as a reminder for everyone to adhere to the physical distancing and hygiene protocols as they resume their operations.

This sign kit comprises of 22 signs:

- QTY 5 - 11" X 17" Personal Hygiene Protocols (Start, Throughout & End of Day Procedures)
- QTY 5 - 11" X 17" Physical Distance Poster
- QTY 5 - 8.5" X 11" Province of Manitoba – Coronavirus Checklist
- QTY 5 - 8.5" X 11" Physical Distance Poster
- QTY 2 - 12" Round Physical Distance Floor Decal (Please stand here)

Protectors

This non-porous mobile board acts as a protective shield during a health screening process. When needing to take the temperature of anyone entering the building we want to maintain a safe distance. This mobile board has a small cut out window for doing exactly that.

Protective shields sit on top of counters, tables, desks or workstations. Ideal for reception desks, workstations, or places where students interact.

There is no need to purchase a new student table. With these protectors we can take your existing table and add in protectors to ensure each student has their own personal space.
