

Glassboards

Clarus™ glass whiteboards never leave ink stains or ghost residue on their tempered glass. Your notes and presentations will always look sharp and fresh when using our wall-mounted glass boards

Float + Depth

The original glassboards, Float and Depth, are the modern version of the traditional whiteboard. Choose your mounting style and elevate any interior with our wall-mounted glassboards.

Wall2Wall

Turn your walls into an inspiration canvas. Create functional, dry-erase and friendly collaborative surfaces with magnetic Wall2Wall.

be! Wall

The simple and elegant be! Wall glassboard puts your best ideas on display. The small acoustic panel is ideal for tacking up important items such as photos, notes, or fabric samples to enhance your most creative brainstorm sessions.

View Glass Whiteboard & Projector Screen

Lights on, it's the cleanest, most efficient writing surface available; lights off, it's the premier, high-definition projection surface. A writing tool and projection surface all in one.

go! Mobile

The glass board goes mobile. Take a look at our most popular product and how it's transforming everyday spaces into collaborative hotspots. Our rolling glass whiteboard is practical, versatile, and modern, serving as the perfect product for your office space or classroom.

Glide

Glide is the first-of-its-kind sliding whiteboard system designed to allow sliding glass panels to smoothly move across the face of wall-mounted glass boards. With a thoughtfully designed mounting system, your ideas will be the showcase, instead of our mounting hardware.
