Drift

The Drift chair is a chair for both indoor and outdoor use. The fluid design has no sharp corners or edges and is great seat for short sitting sessions.

Twisted Hex Stool

The twisted hex stool is a stackable seat that has a waterproof cushion. This stool is easy to clean and sanitize and can be used in indoor and outdoor spaces. You can leave the Twisted Hex outdoor year round and in any environment as it withstands sun, sand, rain, snow, and salt!

Seat Height: 13" | 15.5" | 18"

Ufo Stool

Sit, stack, store. Easy to carry, easy to clean, indoor/outdoor.

Indoor & Outdoor Seating

Bring on the saltwater, sand, sun, rain, and snow—these products can take it! These products are made of recovered coastal plastic material, which is formulated and transformed into high-performance, 100% recyclable furniture. They are certified as low-emitting material that supports healthier indoor air quality, proving that great-looking furniture can be a sustainable choice, too

Amped

The Amped indoor and outdoor seats were inspired by the ocean waves and landscapes that absorb you within their curves.

Chair

Seat & Side Table

Moon

A bold statement, this retro-futuristic chair is like a work of art. With fluid, curving lines - as though carved from a single block.

STEAM/STEM Furniture

STEAM products allow learners to apply their learning practically through hands-on demonstrations. Hands-on learning promotes critical thinking, whether it be through the use of technology, robotics, 3D Printers, Lego, or K'nex.

STEAM/STEM Maker Station

Learning through building and hands-on experiences is becoming more common in school and this STEM Maker Station provides loads of flexible storage options. These mobile storage stations makes it easy to transport and move robotic parts, paints or tools from one area to another.

3D Printer Cart

With 3D printing becoming increasingly popular, there is a higher demand for more storage for tools and materials. This 3D printing cart can store all these items and keeps everything close at hand. With its mobile ability, the printer cart can be shared around the school easily.

Storage

Maker Table

Rover Table

Robotics Table

Makerspaces are areas where people come together to learn new skills, brainstorm new ideas and share resources. This Maker Table is ideal for this environment! This portable table features a durable butcher block top as well as many different storage options.

The Rover Table is an excellent addition to any STEAM area. This table has an open frame in the middle designed to hold six stacking stools. This table is mobile, and with its tilt top, it can fit through a standard 30" doorway. With this cart you can make any room a STEAM room!

Let your students explore the world of robotics, giving them the skills they need to succeed! This table is available in different size and storage options.

Lego Table & Easel

The Lego table and two-sided easel is an excellent starting point for a makerspace solution for kids.

Adjustable Marker Board Flip Top

- Adjustable Height 22" - 30" or sit stand 30" - 42"
- Premium flip top mechanism
- One hand operation
- Locks in horizontal and vertical position
- Integrated nesting bumpers
- High quality locking casters

Fom-Filled Bags/Pillows

Not only are they comfortable and easy to clean, they are what bean bag style chairs should be. Sturdy yet flexible and comfy for hours on end. Have your students sit on, climb up and roll off it. There are no sharp edges or hard pieces to worry about. Cookie crumbs and spills? Wash them off in no time with any of the machine washable covers.

Soft Seating

Each piece is sized for children as well as adults!

Tub

A tub chair that surrounds the person seated in it, providing a shield from the outside world, and allowing creativity to flow unhindered.

Hue

Hue is a simple, classic piece designed specifically with youngest in mind. Hue is available in a one, two or three-seat configuration.

Joy

The Joy Collection brings an element of sophistication to any environment, while comfortably seating both young and old alike. Joy is available in a one, two and three-seat configuration.

Ace

The Ace Collection was created with diversity in mind. Whether you have a small or large space catering to children or adults, Ace provides plenty of seating options for either collaboration or independence and enables you to create your unique look and layout.

Ana

Available with or without arms, the Ana Lounge Collection combines clean design lines with "good ole days" comfort. Ana fits well into any environment by enhancing the space with a more modern aesthetic.

Pad

The Pad is a simple 4" high cushion, that allows a comfortable seating area for you when working on the floor. Whether students are sitting on the floor listening to a book or working with their peers in building something out of recyclables, the Pad provides the needed comfort to make working on the floor an option.

Uva

The Uva is a flower display, allowing students to sit around the middle, on the 5 petals, and discuss ideas or work on a project together. The middle is the meeting place of the minds. The look of the flower encourages creative thinking and gives students the opportunity to discuss those ideas.

Era

The Era Collection is a contemporary variation of the traditional club chair. Built with multiple layers of foam to provide enhanced comfort, Era is a sofa that suits virtually any space and will blend in well with its surroundings.

Leo

Leo is a curved bench, which, when placed together, can create unique setups that are excellent for collaboration between students. Leo is easy-to-move and can be arranged in a variety of ways, from serpentine to a full circle configuration, depending on your space and how you want to put them to use.

Rio

The Rio is the cylinder of the stool family. When placed in a room full of straight lines and edges, Rio softens it and makes it feel like home. It is a classic style stool used in many ways: a footstool, a seat, you name it! As with our other stools it is also available in 3 distinct sizes, to fit your needs to perfection.

Grounded Rugs

This rug mimics natural landscapes and can define spaces and create transitions, just like a grassy meadow gives way to a flowing stream.

Bio Stones Rugs

Children are creatures of nature and eager to discover and explore this world. This unique area rug incorporates a biophilic color palette anchored by broad organic forms that engages the senses while creating a sense of calm that supports effective teaching and inspired learning.

Feeling Natural Carpets

Surround children with the natural textures and comforting colors of nature. Feeling Natural™ evokes a sense of freshness and freedom of the outdoors.

Like Home Rugs

Make your classroom a “home away from home” with this warm and inviting faux-braided carpet. Designed with subtlety in mind, this understated carpet will make students feel safe, secure, and comfortable during their daily educational activities.

Grown Up Rug

Inspired by the push and pull of the built world versus nature, these trend-setting designs push the boundaries of classroom design by showcasing flooring in a more connected way...these rugs mimic natural landscapes and can define spaces and create transitions, just like a grassy meadow gives way to a flowing stream.
