MOBILE E-Z TILT TABLES

MRZT60

Quality and Durability

Smoothly lower table from vertical storage position into flat open position until spring loaded T-Autolock firmly engages onto table with a click

Ease of Operation

Simultaneously pull spring loaded T-Autolock and lift table top, then fold vertically for safe storage

MHXZT60

MSQZT60

One-Piece Top

E-Z Tilt flexible, seamless top allows for quick, easy cleaning before, during, and after dining

Balanced Construction

A well-balanced, strong underside with 14 gauge steel construction keeps table flat and sturdy for years of service with a custom high-speed gas cylinder system

Spring Loaded T-Autolock

Spring loaded T-Autolock ensures top stays safely locked in ready-to-use position

Compact Storage

E-Z Tilt tables nest easily and compactly

PICTURE SHOWS STRAIGHT CONFIGURATION

E-Z Riser™ Arrangements

E-Z Risers™ can be arranged in many configurations (shown below)

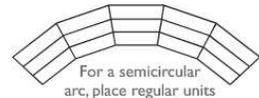

For a straight arrangement, alternate reversed riser units with regular units.

For a horseshoe arrangement, reverse the center unit and add three regular units to each end.

For a winged arrangement, reverse only the center unit.

For a semicircular arc, place regular units end to end.

Easy Set Up

Patent pending design allows one person set up

Heavy Duty Ball Bearing Casters

3" dia x 1 1/4" wide heavy duty double ball bearing non-marking casters easily rolls through any standard doorway

Storage Position

Compact for easy storage

Couplings

Level to level drop in couplings securely connects multiple units to eliminate riser movement when in use.

Custom High Speed Gas Cylinders™

Two custom built, high speed gas cylinders ease operation and provide a safer work environment.
