

Real Classroom Ready™

# Real Classroom Ready™

## 3 little words...

...that individually represent the fundamentals of what we expect from our products. Together, these words act as our mantra. We are not about developing the latest shiny thing or cool gadgets. It is about listening and acting on what is really needed, really important and really effective in elementary classrooms. In essence, our products have to have real purpose, in the real world and be available at realistic prices.

### **Real.**

Products are only developed based on identified classroom needs and in conjunction with our Idea Lab Educator Advisors—*real teachers*.

### **Classroom.**

Products are tested in real classrooms over extended periods of time.

### **Ready.**

After testing, the feedback from teachers and students is used to further refine the design. The testing loop begins again until we are all satisfied with every detail.

## Our Vision

Redefine what a successful business is: Do work that matters.  
Be directed and shaped through a social and environmental conscience.

## Our Values

- Become more responsible
- Be honest, respectful and a little bit weird
- Have an open mind and be curious
- Listen, learn, share and reflect
- Foster a balance of discipline and creativity

# Exciting new warranty programs for 2020!

## We've Got Your Back

As a manufacturing company, we appreciate you choosing Copernicus. It is important to us that you are happy with your purchase. If you have ANY problems or questions, just give us a call and we will do our best to help you!

New!

## Have a well-used whiteboard that needs replacing?

Rather than sending your easel into the landfill, we now sell replacement whiteboards at a heavily reduced cost for all of our easels. So when the time comes to retire your whiteboard, we'll help get your easel back up and running in no time—it's a win-win for your classroom and for the environment.

Visit [copernicus.com/warranty](http://copernicus.com/warranty) for information about our new whiteboard replacement parts program.

New!

## Lifetime warranty coverage included on almost everything we make!\*

Most of us are cynical about warranties because of the poor experiences we have had when making a warranty claim. Whether it's the warranty running out the day something goes wrong, or getting through all the red tape to prove that something indeed falls under warranty, making claims can be painful.

At Copernicus, we try to do things differently. We hope you never need to make a warranty claim, but if you do, we promise to explore every way possible to quickly fix it. It's that simple.

\*The only exception to our lifetime warranty coverage is on whiteboards which carry a five year warranty and a replacement program, that is available after the warranty period (see above).

15 years old and still going strong! In the fall of 2016, we visited a local school and snapped a photo of this 15 year-old Copernicus Reading Writing Center. This easel started its journey with students who would now be graduating from high school.

# Really flexible

Our products are developed to address the needs of real classroom environments—small spaces, messy rooms, shared equipment, and unedited spaces. They are designed to be suitable for multiple uses in multiple locations—it's up to you!

# Really tough

Industrial strength materials are used to build our products and they are tested in real school environments. Please visit our YouTube channel to see how we've put our products through some unusual strength tests.

Before they can go to market, our 3" casters are repeatedly rolled over obstacles 1500 times, while carrying an 88 pound load!

The frames for our top selling Royal® Reading Writing Centers are made from 3/4" thick square steel tubing. This is the same guage that industrial stainless steel kitchen sinks are built from. So it is fair to say that our frames can handle everything AND the kitchen sink!

Our Tech Tubs® are made from tough ABS Plastic, which is also used to manufacture:

- Medical supplies
- Auto body parts
- Protective headgear
- Small home appliances
- ... and much more!

# 2019 Social & Environmental Responsibility *Highlights*

Before

In 2018, we undertook a wetland restoration project at the back of the property through the conservation organization Ducks Unlimited.

After

**90-100% of Packaging will be Plastic-free**

We are halfway to this goal and we are confident this will be achieved by our target date of July, 2020.

**10 Years of Trees for Schools Program**

Since 2009 more than 188,000 seedlings and 8,000 wildflower packets have been donated to school children across Ontario.

**550 Acres Protected**

We are now halfway to our goal of 1000 acres conserved by 2022.

**Chinese Operations are 100% Solar**

In 2019 additional solar panels were installed in the facility.

**Greenhouse Gas (GHG) Emission Goals**

Working to create a comprehensive and ambitious goal of becoming carbon neutral in the next 5-7 years.

**New Lifetime Warranty and Replacement Parts Program**

This means our products stay in your classroom, and out of landfills, for as long as possible. End of life resources will be available in early 2020.

**200 Hours of Volunteering**

Achieved by the end of the third quarter, 2019 by Copernicans!

New!

# Teaching Easels

**It makes us happy when we hear teachers refer to our easels as  
“The Command Central of the Classroom”.**

In conjunction with our Idea Lab Educator Advisory Team, we have loaded these easels up with teacher-driven features that work all day long in classrooms around the world; rounding up materials, fostering collaboration, and communication, displaying daily lessons and schedules, all in one compact footprint.

"Oh, Kessy L, the mean Billy Goat Gruff,  
and the Billy Goat he has very small tufts,  
"And I'm going to the mountain to make myself fat."  
"So you're not," said the Troll,  
"but I'm warning you, be young!"  
"Oh, please don't take me, I'm so little, that I am,"  
said the Billy Goat. "I'll sit till the second  
Billy Goat Gruff goes. He's much bigger."  
"Well, here we'll wait," said the Troll.

# Royal® Reading Writing Centers: Timeless, age appropriate and built to last!

Our Reading Writing Centers are essential tools for primary and junior classrooms. Their flexible features help make teaching more efficient and engaging for students. Everything a teacher needs is built into this easel—a chart stand, storage for books and materials, dry erase surfaces and a book ledge for story time.

## Teacher-driven features

### Snap-on chart paper hooks that stay on if bumped

Hangs different sized chart paper and paper can easily be flipped

### Dry erase frame (write and wipe)

Just in case markers happen to go beyond the whiteboard surface

### Big book page holders (magnetic Page Paws)

Makes story time a breeze by holding the pages in place

### Big book rack

Provides easy access to books and the unique design holds books firmly in place

### Rear removable whiteboard

Creates an even more inclusive work station for students to participate (one side is lined)

### Locking, adjustable Ultra-Safe book ledge

Locks to accommodate different grade levels

### Slide out tubs with safety stops, made of recycled material

Prevents tubs from being pulled all the way out to prevent messes and injury

### Locking casters (some models also feature foot activated brakes as shown)

Keeps the easel secure while in use

Check individual easel details for specific features

# Royal® Reading Writing Center

This easel is designed with teacher-driven features that help keep everything organized and lessons more engaging. It combines a chart stand, storage for books and materials, dry erase surfaces and a book ledge for story time.

## Royal® Reading Writing Center (RC105)

- Front magnetic dry erase surface
- Rear removable double-sided dry erase board with lines on one side
- Ultra-Safe premium book ledge that locks into multiple positions
- Large middle shelf
- Big Book racks
- 2 Tiny Tubs
- 2 Snap-on chart paper hooks
- 2 Magnetic Page Paws
- 4 sliding Large Open Tubs with safety stops
- 3" casters, 2 foot-activated brakes

## Dimensions

56 ½" H x 31 ½" W x 32" D

## Warranty

Lifetime on easel components  
5 year on whiteboards

# Premium Royal® Reading Writing Center

This easel is the ultimate in storage! Perfect for organizing all kinds of manipulatives, materials and different sized books.

Three folders on the back to store books, lesson materials, etc.

# Basic Reading Writing Center

This easel has the quality build of all our teaching centers and is priced right for tight budgets.

## Premium Royal® Reading Writing Center (RC200)

- Front magnetic dry erase surface
- Ultra-Safe premium book ledge that locks into position
- 6 Large Open and 4 Small Open Tubs with safety stops
- Large open shelf with 6 Tiny Tubs
- 2 repositionable Tiny Tubs on front (ideal for storing extra markers)
- 40 chart paper hang tags
- 3 Folders on the back to store books, lesson materials, etc.
- 2 Snap-on chart paper hooks
- 2 Hooks within the easel to store extra chart paper
- 3" twin wheel locking casters

## Basic Reading Writing Center (RC201)

- Front magnetic dry erase surface
- Ultra-Safe premium book ledge that locks into position
- 3 Large Open and 2 Small Open Tubs with safety stops
- 1 repositionable Tiny Tub on front (ideal for storing extra markers)
- 20 chart paper hang tags
- 2 Snap-on chart paper hooks
- 2 Hooks within the easel to store extra chart paper
- 3" twin wheel locking casters

"Storage is non-existent in my new school, so I have utilized all of the bins to keep myself organized. Love that this easel has storage for books in the back—I have found this helps streamline my teaching because I am not rushing around trying to find materials everything is right where I need it... including markers."

-Stephanie, 3rd Grade Teacher, Boulder, Colorado

### Dimensions

58 ¾" H x 32 ¼" W x 33" D  
(30" D with book ledge removed)

### Warranty

Lifetime on easel components  
5 year on whiteboard

# Classic & Regal™ Reading Writing Centers

These easels are a little more affordable compared to their cousin, the Royal® Reading Writing Center. They provide the same functionality, but with fewer bells and whistles.

## Classic Royal® Reading Writing Center (RC005)

- Front magnetic dry erase surface
- Rear removable double-sided dry erase board (lined on one side)
- 4 sliding Large Open Tubs with safety stops
- Ultra-Safe premium book ledge that locks into multiple positions
- Large middle shelf
- Big Book Racks
- 2 Snap-on chart paper hooks
- 2 Magnetic Page Paws
- 2" twin wheel locking casters

## Dimensions

(RC105) 56 ½" H x 33" W x 27" D

(RC107) 56" H x 32" W x 31" D

## Warranty

Lifetime on easel components

5 year on whiteboards

## Regal™ Reading Writing Center (RC107)

- Front magnetic dry erase surface
- Rear removable dry erase board that hangs landscape
- 4 sliding Large Open Tubs with safety stops
- Safety-Cap™ premium book ledge that locks into multiple positions
- 2 Snap-on chart paper hooks
- 3" casters, two foot-activated brakes

"I recently purchased the Copernicus Regal Reading and Writing Center and I am absolutely thrilled with it. I was however a little nervous when I saw all the parts that I had to put together, but it was actually pretty easy. I don't have a whiteboard in my library classroom, so the center works wonderful for that. I use the whiteboard and chart paper. I am much more organized using the tubs underneath. Each week, I put each grade level in a different tub and pull out my material when needed. Definitely a great addition to my story corner!"

- Elementary School Teacher, Narrows, Virginia

New option!

# Bamboo Teaching Easels

Designed to bring natural elements into the classroom, Bamboo Teaching Easels are ideal for neutral or early year environments.

Perfect for Early Childhood Education

- Double Sided Bamboo Teaching Easel (BE1)**
- 2 magnetic dry erase boards (front and back)
  - 4 sliding Large Open Tubs with safety-stops
  - Ultra-Safe premium book ledge that locks into multiple positions
  - Bamboo middle shelf
  - Big Book racks
  - 2 Snap-on chart paper hooks
  - 2 Magnetic Page Paws
  - 3" locking casters

New option!

**Single Sided Bamboo Teaching Easel (BE2)**  
 Same features as the BE1 (pictured above) but with one magnetic dry erase board and no middle shelf, book rack or Page Paws.

**Dimensions**  
 57" H x 30 1/2" W x 27" D

**Warranty**  
 Lifetime on easel components  
 5 year on whiteboard(s)

# Primary Teaching Easel

This easel has an extra long front dry-erase board that measures 40" H x 28" W to accommodate little learners.

# Early Learning Station

This easel has a double-sided whiteboard, one side lined for students to practice their printing and it folds away for easy storage.

Perfect for Early Childhood Education

Now with new packaging!

Easier set up, assembly and even more environmentally friendly!

## Primary Teaching Easel (PTE78)

- Front magnetic dry erase board
- Rear removable felt board
- Ultra-Safe premium book ledge locks into multiple positions
- 4 Small Open Tubs for lesson storage
- 2 Snap-on chart paper and felt board hooks
- Big Book and Tub Racks
- 2" locking casters

### Dimensions

56 1/4" H x 30" W x 30" D

### Warranty

Lifetime on easel components  
5 year on whiteboard

## Early Learning Station (ELS1)

- 2 magnetic dry-erase whiteboards, one side with solid/dotted/solid line sequence
- Roll-up felt for creative play, along with corner ties and magnets to secure on station
- Safety Cap™ premium book ledge that locks into multiple positions
- 2 Large Open Tubs
- 4 Snap-on chart paper and accessory hooks
- Frame folds for easy storage
- 2" locking casters

### Dimensions

47 3/4" H x 26" W x 29 1/2" D

### Warranty

Lifetime on easel components  
5 year on whiteboards

"The whiteboards being on an angle is a great feature because the kids can really practice their hand writing and it's great for fine motor skills. The foot breaks make it a lot easier for me to put them on, take them off, move it around wherever I need it in the classroom. I find that the tub stops are a really good idea. It's a safety feature that is important to have on a moveable cart."

Melissa Downey, Grade 1, St. John Catholic School, Arthur, Ontario

# Royal® Inspiration Stations

The Inspiration Station is ideal for both independent and group activities and with a slide-out whiteboard, there is even more space to collaborate!

These products are designed for single classroom use and are not meant to be moved from room to room

## Premium Royal® Inspiration Station (IS3)

- Front magnetic dry erase surface with slide-out board - enlarges work area by 15"W
- Rear removable double-sided dry erase board with lines on one side
- Ultra-Safe premium book ledge that locks into multiple positions
- Includes 10 Large Open Tubs with safety stops
- 1 Really Big Tub
- 8 Tiny Tubs
- Big Book Rack
- 2 Magnetic Page Paws
- Top shelf for teacher storage
- 2 Snap-on chart paper hooks and telescoping hooks to accommodate wide pocket charts
- 3" casters, 2 foot-activated brakes

Premium Royal® Inspiration Station (IS3) Back view

## Standard Royal® Inspiration Station (IS2)

- Front magnetic dry erase surface with slide-out board - enlarges work area by 15"W
- Ultra-Safe premium book ledge that locks into multiple positions
- Includes 4 Large Open Tubs with safety stops
- 1 Really Big Tub

# Tabletop Easel

Small but mighty, the Tabletop Easel has two magnetic dry erase boards (one lined) and a detachable pocket chart to aid language development.

## Tabletop Easel (TTE100)

- 2 magnetic dry erase boards with one side featuring 1" spaced blue lines
- Pocket chart that can be attached to either side of easel
- Folding design allows easy set-up and sharing between rooms
- Book/marker ledge on either side of the easel
- 3 removable Tiny Tubs for manipulatives, markers, and other tools

Dimensions  
19" H x 19" W x 17" D

Warranty  
Lifetime

# Basic Chart Stand

This “no-frills” chart stand is ideal for tight budgets and is quick and easy to assemble.

## Basic Chart Stand (BCS1)

- Dry-erase whiteboard
- Snap-on chart paper hooks
- Adjustable bottom bar to accommodate various tub sizes. Tubs not included.
- Shown with generic tubs. Supports Copernicus Tub configuration of 1 Large Open Tub and 1 Small Open Tub (sold separately)
- 2” locking casters

Tubs not included, but can be purchased individually (see pages 57-58)

## Dimensions

60 ¼” H x 25 ½” W x 24” D

## Warranty

Lifetime on easel components  
5 year on whiteboard

# Teach ‘n’ Go Cart

The name says it all! This cart is designed for teachers on the go. There is plenty of storage and it is durable yet lightweight for ease of mobility.

## Teach ‘n’ Go Cart (TAG)

- Magnetic dry-erase board
- Safety Cap™ premium book ledge that locks into multiple positions
- 6 sliding Large Open Tubs with safety stops
- 2 Stubby Tubbys
- Top shelf storage to help materials stay put during transport
- 2 adjustable chart paper hooks
- 5” casters, 2 locking

## Dimensions

68” H x 39 ¾” W x 24 ½” D

## Warranty

Lifetime on easel components  
5 year on whiteboard

New!

## Outdoor/Indoor Learning Center

Load it up and it's ready to go on an outdoor adventure! Designed to be rugged and flexible to support a variety of outdoor or indoor activities (store inside). The whiteboard is ideal for teaching lessons outside and the large wheels and handles make it easy to push over all sorts of terrain.

Perfect for outdoor  
STEM activities

### Outdoor/Indoor Learning Center (OLC1)

- Magnetic dry erase board
- Lower storage compartment to hold materials
- Two large tubs with lids to keep items enclosed
- Repositionable Tiny Tub
- Semi-pneumatic wheels (do not require refilling)
- Storage tubs and large rack hold up to 110 lbs

### Dimensions

57 1/2" H x 42 1/4" W (includes handle) x 23 1/2" D

### Warranty

Lifetime on easel components  
5 year on whiteboard

New!

PRIMACY  
SCIENCE BLOCK  
KIT

## Technology & STEM Solutions

**Over thirty years ago, our founder, George Phillips, designed the Science Block Kit (left). It was a low-tech teaching aid to help students understand simple physics.**

Fast-forward to today and Copernicus is still designing solutions for low-tech materials like Lego® and maker materials as well as high-tech support solutions to keep devices and robotics charged up and ready to go.

Read on to see what's new and how many of our flexible, multi-use products can be used in STEM environments and Makerspaces.

ech Tub2

# Tech Tub2<sup>®</sup>

Lock. Charge. Go.

Developed with input from members of our Idea Lab Educator Advisory Team, the Tech Tub<sup>2</sup> family of products offer an affordable, flexible and mobile solution for charging and storing devices used in PreK-8 classrooms.

The product line up features multiple mobile configurations that make it easy to charge and store all current models of iPads®, 11" Chromebooks™ including popular models from Dell, HP, Acer, Asus and Samsung as well as most tablets.

\* We didn't actually use an elephant in testing, but you get the point. Tech Tubs are strong!

Additional models available with USB hubs that sync and charge iPads®

Need help picking the right Tech Tub solution?

Check out our easy-to-use guide and compatibility chart: [copernicused.com/tech-tub2](http://copernicused.com/tech-tub2)

# Tech Tub<sup>2</sup>® deployment

These secure and durable tubs are ideal for schools that share devices, or for 1:1 environments. They can be placed around the classroom to ease deployment bottlenecks.

## Teacher-driven features that make setting up devices quick and easy!

Flip-up handle on the top

Two ergonomic handles on the door and back

Adjustable shelves accommodate devices with and without cases

Easy-to-use side cable organizer and lower compartment to keep cords and adapters tidy

Cable hooks on the back to manage cord during transport

3-point lock with 2 keys

Mounting hardware to secure tub to a surface

Easier access to the power strip and on/off switch

Need help picking the right Tech Tub solution? Check out our easy-to-use guide and compatibility chart: [copernicused.com/tech-tub2](http://copernicused.com/tech-tub2)

# Tech Tub<sup>2</sup><sup>®</sup>

Tech Tub<sup>2</sup> offers an affordable, flexible and mobile solution for charging and storing devices used in PreK-8 classrooms. Tech Tubs can be purchased individually and carried throughout a school or incorporated into other configurations.

## Tech Tub<sup>2</sup> - holds 6 devices (FTT700)

- Individual tubs can be locked together for added security
- Holds all generations of iPads<sup>®</sup>, most 11" Chromebooks<sup>™</sup> and other tablets
- Adjustable shelves for devices with and without cases
- Internal 6 outlet power strip with surge protection
- Made from durable high impact ABS plastic
- Cable hooks on the back to manage cord during transport
- Mounting hardware to secure tub to a surface
- 3-point lock with 2 keys

# Tech Tub<sup>2</sup>® Carts

Lightweight Modular Carts move effortlessly over thresholds making it easy to share sets of devices throughout a school. With a tub-to-tub locking mechanism, the tubs lock together securing all the devices in the cart. For use within a classroom or placed in a central location where individual tubs can be signed out.

## Modular Cart - holds 24 devices (FTT724)

- Same features as the FTT732, except the tub configuration is 4 x FTT700
  - All tubs break apart individually using clips
- Additional model** with USB hubs that sync and charge iPads® (SKU FTT724-USB)

## Modular Cart - holds 32 devices (FTT732)

- Individual tubs can be locked together for added security
  - Sturdy cart with two handles for ease of mobility
  - Tech Tubs hold 32 devices (2 x FTT700, 2 X FTT1100)
  - Tubs connect and break apart using clips (ease deployment bottlenecks)
  - 3-point door lock with 2 keys (for each tub)
  - Cable management on back
  - 4" locking casters
  - Power timer for charging (requires 1 outlet)
- Additional model** with USB hubs that sync and charge iPads® (SKU FTT732-USB)

The side clips allow you to connect multiple tubs together and easily break them apart for sharing devices

Tub-to-tub locking mechanism that locks the Tech Tubs together, securing all the devices in the cart

# Dual Duty Teaching Easels

Why have a charging cart *and* an easel taking up room when you can have this space-saving hybrid? It's designed to make the most of every inch in the classroom by combining technology storage and charging with a traditional teaching easel and moves easily around a flexible learning environment.

## Dual Duty Teaching Easel - holds 32 devices (FTT300)

- Large magnetic dry erase board measures: 41 3/4" H x 26 3/4" W
- Safety-Cap™ premium book ledge that locks into multiple positions
- Tech Tubs® hold 32 devices (2 x FTT700, 2 x FTT1100)
- Power timer for charging devices (requires 1 outlet)
- 2 Tiny Tubs
- Snap-on chart paper hooks
- Cable management on back
- 4" locking casters

**Additional model** with USB hubs that sync and charge iPads® (SKU FTT300-USB)

## Dual Duty Teaching Easel - holds 24 devices (FTT324)

- Same features as the FTT300, except the tub configuration is 4 x FTT700 and 2 Open Tubs

## Dual Duty Teaching Easel - holds 20 devices (FTT320)

- Same features as the FTT300, except the tub configuration is 2 x FTT1100 and 2 Open Tubs. Does not include power timer.

## Dual Duty Teaching Easel - holds 12 devices (FTT301)

- Same features as the FTT300, except the tub configuration is 2 x FTT700 and 4 Open Tubs. Does not include power timer.

## Dual Duty Teaching Easel - holds 6 devices (FTT302)

- Same features as the FTT300, except the tub configuration is 1 x FTT700 and 5 Open Tubs. Does not include power timer.

### Dimensions

63 1/2" H x 33 1/4" W x 24 3/4" D

### Warranty

Lifetime on easel components  
5 year on whiteboard

“We purchased twenty-two Dual Duty Teaching Easels for our first and second grade classrooms. The combination of a traditional teaching easel with technology storage is brilliant! Having the Tech Tubs open on the sides of the cart help to manage the flow of student traffic and teachers appreciate the functionality of the magnetic whiteboard and the compact footprint!”

- Melanie Evans, Coordinator of Educational Services, Salida USD, Salida, California

# Original Tech Tub®

These tubs offer the same function with similar features as our Tech Tub<sup>2</sup> line, but open from the top. There are four models to choose from to manage iPads®, Chromebooks™ or a combination of both and the Base Model is perfect for locking up odd-sized tech equipment.

## Original Tech Tub - holds 6 Devices™ (TEC600C)

- Holds six devices including iPads®, Chromebooks™ and other tablets (or a combination of devices)
- Adjustable dividers
- Cable management pocket to keep cables organized, out of sight, and in-line with each device
- 6 outlet internal power strip
- Made from highly durable, heat resistant ABS plastic and vented to ensure airflow
- 2 padlocks with the same keys
- Locking block and pin to lock tub to counters and tables
- Cable management for power strip cord (on back)

## Tech Tub Standard - holds 6 Chromebooks™ (TEC601C)

- Lower priced Tech Tub® with the same features as the TEC600C, but without the locking block and pin

## Original Tech Tub - holds up to 10 iPads® (TEC1000)

- Holds ten tablets with or without cases
- Adjustable dividers to accommodate up to ten devices and cases
- Cable management pocket to keep cables organized, out of sight, and in-line with each device
- 2 padlocks with the same keys
- Locking block and pin to lock tub to counters and tables
- Cable management for power strip cord (on back)
- 10 outlet USB hub

## Original Tech Tub® - Base model (TEC57)

- Includes tub with taller lid only

Original Tech Tub - holds 6 devices  
Includes a locking block and pin to secure  
tub to a surface (TEC600C)  
Model available without  
locking block and pin (TEC601C)

Original Tech Tub® -  
holds up to 10 iPads® (TEC1000)

Original Tech Tub® -  
Base model (TEC57)

## Dimensions

TEC600C, TEC601C and

TEC57: 16" H x 12 1/2" W x 16" D

TEC1000: 14" H x 12 1/2" W x 16" D

# STEM/STEAM Labs and Makerspaces

Transformed with a little help from Copernicus.

Developing a brand new space, retrofitting a library or creating a dedicated corner in a classroom for STEM/STEAM programs?

Copernicus has many affordable, mobile solutions that support the typical zones required to create a useful, organized makerspace.

For more layout ideas, please visit:  
[www.copernicused.com/stemfloorplans](http://www.copernicused.com/stemfloorplans)

## Collaborative space for brainstorming

Nothing beats hashing out the details using a large whiteboard and with extra storage for devices and materials, precious floor space is saved!

**Dual Duty Teaching Easel with device storage (FTT300)**  
 Includes models that hold 6, 12, 20, 24 or 32 devices (see pages 37-38).

**Deluxe Chart Stand (CS700)**  
 Double sided with storage (see pages 21-22).

**Premium Inspiration Station (IS3)**  
 Includes a slide-out board that enlarges work area by 15", a removable dry erase board on the back and 18 storage tubs (see pages 19-20).

Watch out for those lower quality imitations out there.

## Prototyping and Creating

STEM/STEAM activities often start with design thinking which helps identify a problem, then works to develop a solution. Prototyping is a critical step in bringing those ideas to life and can often include the use of a 3D Printer. See the STEM Maker Station on the opposite page for another useful option.

This one is the star of the show when it's wheeled out on parent-teacher night!

Keep all printing items together and bring technology to the point of instruction. See page 43 for more information.

**3D Printer Cart Premium Model (TD5001)**

**3D Printer Cart Base Model (TD5000)**

## Media Centers and Technology Storage

Shared makerspaces, such as libraries, accommodate a range of grade levels. These STEM products allow small groups to explore technology and multimedia activities.

**Dewey the Document Camera Stand with Microscope and Light (DCS6)**  
This model with a microscope is perfect for science-based activities (see page 44).

**Tech Tub<sup>2</sup>® - holds 6 devices (FTT700)**  
Lock. Charge. Go. These tubs can go just about anywhere, even field trips. Improve device deployment by placing Tech Tubs around the room (see pages 31-32).

Visit [www.copernicused.com/tech-tub2](http://www.copernicused.com/tech-tub2) to learn more about the Tech Tub<sup>2</sup> family

*New!*

**Small Robotics Storage Tub (RS100)**  
Charges and locks up robotics in a compact tub. Holds up to 12 robots depending on size (see pages 45-46).

Supported robots include: Dash and Dot, Cue, Sphero Bolt, Sphero Spark, Sphero 2.0, Sphero Mini, Sphero Ollie and other USB charging robots.

*New!*

**Large Robotics Storage Tub (RS200)**  
Store, charge and lock up different brands and sizes of robotics. The built-in wheels make it easy to move robotics throughout a school. Holds up to 12 robots depending on size (see pages 45-46).

Tub stores 6 Dash and 6 Dots, or 12 Dashes (with accessories), or 12 Cue™ Robots.

## Storage for materials or projects in progress

Tools, materials, plus work in progress need somewhere to go at the end of the class. These flexible solutions keep things organized and the tubs can be removed to put where pods of students are working.

*New!*

**Storage Room Organizer (LLS300-C)**  
Now available with clear tubs. Great for storing in-progress work (see page 55).

*New!*

**STEM Storage Cart (LWSTEM)**  
This sturdy cart is designed to provide plenty of storage with 23 tubs of different sizes and colors. Includes a removable dry erase board on the back. Perfect for use throughout a school (see page 51).

**STEM Maker Station (STEM100)**  
This compact, all-in-one mobile cart supports many of the different zones required in a STEM/STEAM program (see page 47-48).

*New!*

**Clear STEM Storage Cart (BB005-9-C)**  
This cart is great for organizing Lego® and can hold 90 lbs of just about anything! For in-class use only (see pages 53-54).

**Base Model Tech Tub® (TEC57)**  
The perfect home for littleBits™, robots, Lego® and more (see pages 39-40).

For more information please visit:  
[www.copernicused.com/stem-steam-makerspaces](http://www.copernicused.com/stem-steam-makerspaces)

# 3D Printer Cart

Prototyping is a critical step in bringing ideas to life and often involves a 3D printer and being able to reconfigure a room is important to educators. This cart's sturdy frame and casters protect your investment and make it easy to move while keeping everything you need close at hand.

## 3D Printer Cart - Premium Model (TD5001)

- Accommodates 3D Printers with a footprint of up to 24"D x 26 ½"W
- Base Tech Tub® for locking up specialized equipment and tools (supply your own padlock)
- 2 Large Open Tubs and 1 Really Big Tub
- 4" locking casters
- 6 outlet power strip
- Adjustable spool holder (holds maximum of 4 spools)
- Sliding laptop shelf fits laptops up to 17"
- Magnets for attaching accessories and tools to frame

## 3D Printer Cart - Base Model (TD5000)

- Same features as the Premium model, except the base model does not include the Base Tech Tub® (replaced with 2 Large Open Tubs)

3D Printer Cart - Premium Model (TD5001)

3D Printer Cart - Base Model (TD5000)

## Dimensions

Frame measures with spool arm: 59" H x 36" W x 24" D  
Without spool arm: 41" H x 36" W x 24" D  
Maximum printer size: 24" W x 26 ½" D

## Warranty

Lifetime

# Dewey the Document Camera Stand with Microscope and Light

Dewey's sturdy frame sets up quickly and makes use of devices you already have, including smartphones. It mounts to surfaces and the microscope engages students with an up-close experience for science activities. It can also be used for creating video with a green screen or stop motion animation.

## Dewey the Document Camera Stand with Microscope (DCS6)

- Spring loaded clamps hold all versions of iPad® with a camera and various smartphones with or without cases (excludes 12.9 inch iPad Pro)
- Microscope feature with 5x or 10x magnification and LED light
- Height adjustable
- 90° rotating mount that swivels and tilts, keeping the device secure
- Headphones holder
- Mounting holes on the base for securing Dewey to a surface
- Compatible with Apple® AV adaptors and Apple TV

## Dewey the Document Camera Stand (DCS5)

- Same features as the DCS6, except the microscope and LED light are not included

### Dimensions

12 ¾" - 23" H (lowest to highest position) x 10 ¾" W x 15" D

New!

# Robotic Storage Tub

Robotic Storage Tub are designed to store, charge and lock up different brands and sizes of robotics in one secure location.

Tub stores 6 Dash and 6 Dots, or 12 Dashes (with accessories), or 12 Cue™ Robots.

Supported robots include: Dash and Dot, Cue, Sphero Bolt, Sphero Spark, Sphero 2.0, Sphero Mini, Sphero Ollie and other USB charging robots.

## Large Robotics Storage Tub (RS200)

- Lock all robotics within the tub (padlock included)
- Sturdy, lightweight tub with built-in wheels and a woven nylon pull-handle for ease of mobility
- Compact, two-layered design with removable metal tray (see right) supports the storage of:
  - 6 Dash and 6 Dots, or
  - 12 Dashes (with accessories), or
  - 12 Cue™ Robots
- 2 x 6 outlet USB charging hubs
- Padlock with 3 keys

## Small Robotics Storage Tub (RS100)

- Lock all robotics within the tub (padlock included)
- Metal basket can be removed to access the second layer of devices (when storing Dash and Dots) or to access accessories (when storing Spheros)
- Lower compartment is used for mounting USB hubs (when storing Dash and Dots) or to hold accessories (when storing Spheros)
- Top basket holds:
  - 12 Sphero Sparks (with room for accessories below), or
  - 8 Ollie robots (with room for accessories below), or
  - 2 Dash and 2 Dots (with another 2 Dash and 2 Dots below)
- 2 x 6 outlet USB charging hubs
- Padlock with 3 keys

# STEM Maker Stations

These all-in-one, compact mobile carts support many of the typical zones in a STEM/STEAM program or Makerspace. The tubs can be removed and placed where students are working and are perfect for organizing materials by color.

## Five ways educators are using this cart:

1. Loading it up with the materials and tools for a specific activity and posting the instructions on the overhead sign
2. Creating a center by positioning the cart so the rear whiteboard and tubs are accessible at the same time
3. Using the tubs to color code materials, making clean up easier
4. Locking up tools and robotics in the Tech Tub®
5. Removing the tubs and placing them where small group activities are happening

STEM Maker Station Premium Model (STEM100)

## STEM Maker Station - Premium Model (STEM100)

- Base Tech Tub® for locking up specialized equipment and tools (supply your own padlock)
- Rear cardboard or material storage rack
- Tape/ribbon/string dispenser rack
- Coroplast overhead sign and display to personalize your station (letters not included)
- Hooks for hanging accessories/tools
- Large bottom shelf
- Rear whiteboard for collaborative brainstorming and project planning
- Pegboard for tool storage
- 4 Large Open Tubs, 4 Small Open Tubs, 4 Tiny Tubs
- 4" casters, 2 with brakes

## STEM Maker Station - Base Model (STEM102)

- Same features as the Premium model, except the base model does not include the Base Tech Tub®, pegboard or whiteboard

Builder challenge  
group 2

I just love my cart! It was a great way for me to organize additional books and student resources in my classroom. It is very sturdy. It allows my students (and myself) to find things easily. It looks GREAT in my classroom!

- Deedee Wills, Kindergarten Teacher, Colorado

# Storage

**A place for everything and everything in its place.**

In many classrooms and makerspaces, that may sound like a dream-come-true, particularly at the end of a busy day, but there's hope! The first step in improving organization is finding the right storage solution.

The following pages have many flexible and mobile options to make clean up time a breeze by aiding in color coding and different tub combinations and sizes to hold all sorts of "stuff".

*New option!*

# STEM materials and book storage

*They hold 90lbs of just about anything!*

These carts are built with super strong, 1" tubing to ensure large quantities of books or materials can be loaded up and moved throughout a school! It's also a nice addition to a Makerspace to help keep things organized.

*New!*

This sturdy cart is designed to provide plenty of storage with 23 tubs for maker materials, robotics and manipulatives. The different colored tubs aid color coding and all the tubs can be removed from the cart. The removable, dry erase board is perfect for collaboration and sketching out ideas.

### STEM Storage Cart (LWSTEM)

- Sturdy frame designed to be moved throughout a school
- Rear removeable double-sided dry erase board (one side lined)
- 8 Tiny Tubs
- 12 Small Open Tubs
- 3 Large Divided Tubs
- 5" casters (2 locking) to easily move over carpet and other surfaces
- Holds up to 90lbs of materials

Dimensions  
40" H x 51" W x 18" D

Warranty  
Lifetime

**Library on Wheels™ (LW430)**

- Sturdy frame designed to be moved throughout a school
- 9 Large Divided Tubs to keep books and other materials tidy
- Adhesive name pockets to help keep everything in order
- 5" casters (2 locking) to easily move over carpet and other floor surfaces

**Library on Wheels™ with 18 Small Tubs (LW430-18)**

- Same as the LW430, except Open Tubs are replaced with 18 Small Tubs

See pages 57-58 for more information about the tubs.

Dimensions  
6 1/2" H x 13 1/2"W x 9"D

*Teachers love clear tubs!*

Clear tubs are now available for our:

- Leveled Reading Book Browser Carts (see pages 53-54)
  - Storage Room Organizers (see page 55)
- (Tubs not made with recycled materials)

Tubs are designed with the perfect spot for adding a label or a picture of their contents (labels not included).

## Early Childhood Arts and Crafts

**Let imaginations run wild! When a child paints they learn how to express themselves without words, explore color and their senses.**

Hands-on play is important for healthy social and emotional development. The downside can be the end of the day and it's time to clean up. Teachers are pleasantly surprised by all the built-in features of the Double Sided Art Easel and Sand and Water Sensory Center, particularly the ones that help put everything back in order ready for the next round.

# Double Sided Art Easel

This compact easel allows two artists to paint at the same time. They can dry their masterpieces on the racks and the removable paint trays with spill proof caps make cleaning up easier.

## Double Sided Art Easel (PDR11)

- 2 dry-erase painting surfaces (choose from 2 positions upon assembly)
- 10 built-in drying racks
- 1 sliding Really Big Tub
- 2 Apron hooks
- Large art paper clips
- 2 removable paint trays with 7 paint pots in each and spill-proof caps
- Cleaning is a breeze with paint trays that clip on and off
- 2" locking casters

2 removable paint trays with 7 paint pots in each and spill-proof caps

Sliding Really Big Tub to hold all your art supplies

## Dimensions

51" H x 27 1/2" W x 29 1/2" D

## Warranty

Lifetime on easel components  
5 year on whiteboards

“The Double Sided Art Easel is great because everything is at the student’s level so they can be completely independent from start to finish. It is great for fine motor skills with the clips and containers.”

- Paula Kells, Kindergarten Teacher, Fergus, Ontario

# Spring Loaded Paint Drying Rack

This rack is perfect for drying the masterpieces of budding artists and includes many useful features that help keep artwork organized.

Personalized rack spacers

Paper catch clips

## Spring Loaded Paint Drying Rack (PDR20KD)

- 20 spring loaded racks that make it easy for art to be inserted or removed
- Lock down bar secures racks in place
- Rack spacers can be personalized with student names
- Paper catch clips
- Paint drip tray to protect classroom floors from unwanted spills (removable)
- 2" locking casters
